April 2006 (maybe June/July)  
Beaver County, Pennsylvania

*"Quincy"*  
*Out Two Dominate*  
**AQHA Gelding**

**REWARD**  
may have gone to auction

**Sorrel Quarter Horse**

**Age: 7 years**

**Weight: 950 lbs**

**Height: 15 hands**

**Identifiable Characteristics:**

- ♦ star, strip & snip
- ♦ right hind pastern / sock

**HAS RINGBONE**

*How Missing:* Used at therapeutic riding but determined he has ringbone. They offered to let him live in their pasture 'forever'. I have been paying for his foot care since then ... I saw him through April and he was doing well and looked good. I wanted to get him in Aug., and called Sept 3, 2006. They first said he was in the pasture and they'd get him. Then they called me back later and said that they sold old broodmare (Another Golden Star or Gold Star) to a lady in Maryland and they let him go because he was attached to the mare. That was supposed to be late June/early July. They said they needed a few days to find the lady's phone number, but we haven't got anything yet. We have heard that they took 12 horses to auction in August and we fear that he may have been one of them. We have raised this horse from birth and wanted a good life for him. He has ringbone and is toed in and needs to have bar shoes and pads to be comfortable. He has a navy blue halter with tan letters with his registered name.
